

# Medication Policy & Procedure Management

<b>Formulation date:</b>	<b>August 2015</b>	<b>Reviewing Committee</b>	<b>Health, safety, welfare</b>
<b>Approved on:</b>	<b>September 2015</b>	<b>Next Review date:</b>	<b>August 2019</b>

## MEDICATION POLICY

The Board of Governors and staff of Newbridge High School Academy Trust wish to ensure that pupils with medication needs receive appropriate care and support at School. The Headteacher will accept responsibility for members of the school staff giving or supervising pupils taking prescribed medication during the School day. Where possible, pupils should be encouraged to self-administer under supervision. It must be stressed that where prescription drugs are administered it shall be by those members of staff that have volunteered unless medically trained staff are employed at site. It should **not** automatically be assumed that a qualified First Aider will fulfil this role.

- Staff will not give a prescribed/non prescribed medicine or care unless there is specific written consent from parents.
- An individual care plan should be drawn up for the pupil.
- A secondary check must be made prior to medication being taken / given.
- **The School will not accept items of medication in unlabelled containers.**

## PROCEDURES

- In the first instance, the Pastoral Manager should be informed of an individual's diagnosis and prescription medication.
- The Pastoral Manager and an appropriate volunteer first aider will meet and discuss the issues with the parents/guardian of the pupil.
- *The member of staff volunteering will be offered professional training and support in relation to the needs of the individual by a suitably competent person. (this maybe by a qualified trained nurse)*
- There will be regular review meetings scheduled to monitor the support required.

## RESPONSIBILITIES

### Parents/Guardian Responsibility

- A comprehensive information guide specifically relating to the pupils condition and medication must be recorded.
- Only reasonable quantities of medication should be supplied to the School (eg, maximum 4 weeks at any one time)
- Where pupils travel on School transport with an escort, Parents/Guardian should ensure that the escort has a copy of written instructions relating to medication of the individual.
- Notification of changes in prescription drug issued by GP must be directly given to School by Parent/Guardian.
- Parent/Guardian to collect and restock medication from School at the end and start of every term in a secure labelled container as originally dispensed.

### School Responsibility

- Medication will be kept in a known safe secure place (not necessarily locked away) and some drugs may require refrigeration.
- Emergency salbutamol inhaler and spacer for pupils with asthma will be kept on site and used in emergencies for pupils who have written consent from parents.
- Where emergency medication is prescribed this must remain with the pupil at all times except where a Risk Assessments deems otherwise. E.g. Epipen, Asthma inhalers
- Maintain and record dosage prescribed/administered.
- Identify if additional training needs are required for staff. Source and arrange training.
- Locate and record care plan for individual identifying supporting staff.
- **If a medical emergency develops activate the relevant procedures and call 999**

### **G.P/Consultant/Medical Professional Responsibility**

Prescriptive labelled drugs must contain:

- Pupils name
- Name of medication
- Dosage
- Frequency of administration
- Date of dispensing
- Storage requirements (if important) ie, refrigeration
- Expiry Date

### **Consent Form.**

See appendix A

### **Individual Care Plan.**

See appendix 'B'

Review Date: September 2015

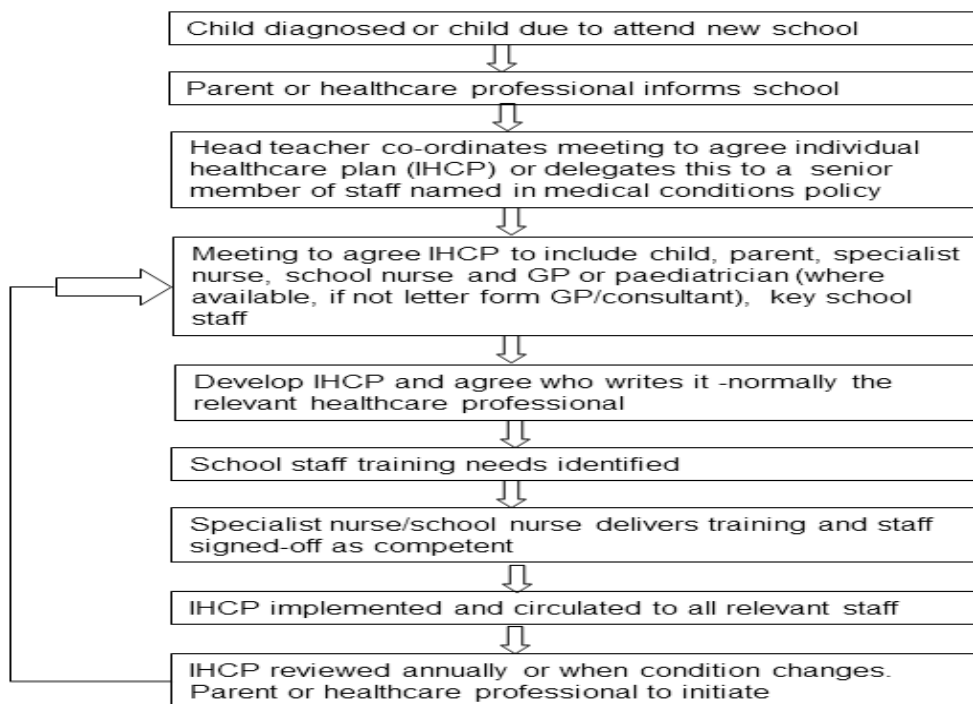

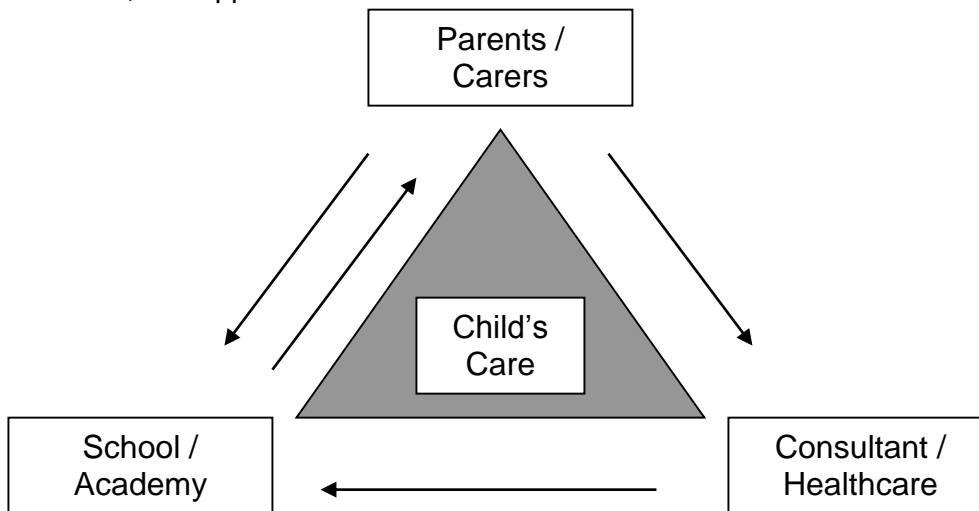

**Appendix A**

**General Care Plan/ Parent/Guardian/Carer CONSENT FORM**

Full Name of Child:		
DOB:		
My child has been diagnosed as having: (name of condition)		
He/She has been considered fit for school but requires the following prescribed medicine to be administered during school hours:(name of medication)		
I consent/do not consent for my child to carry out self administration (delete as appropriate)		
Could you please therefore administer / supervise administration of the medication as indicated above _____ dosage at _____(time) Strength of medication: _____		
With effect from (date) _____ Until advised otherwise.		
The medicine should be administered by mouth/in the ear/nasally/other _____ (delete as appropriate)		
I consent/do not consent for my child to carry the medication upon themselves (delete as appropriate)		
<p>I undertake to update the school with any changes in medication routine use or dosage.</p> <p>I undertake to maintain an in date supply of the prescribed medication.</p> <p>I understand that the school cannot undertake to monitor the use of self administered medication carried by the child and that the school is not responsible for any loss of/or damage to any medication.</p> <p>I understand that if I do not allow my child to carry the medication it will be stored by the School and administered by staff with the exception of emergency medication which will be near the child at all times</p> <p>I understand that staff will be acting in the best interests of my child whilst administering medicines to children.</p>		
Signed:_____		Date: _____
Name of parent (please print): _____		
Contact Details: Home	Mobile:	Work: _____

**Appendix B – IHCP** See appendix ‘B’ on Schools EIS system under ‘A’ Administration of medicines

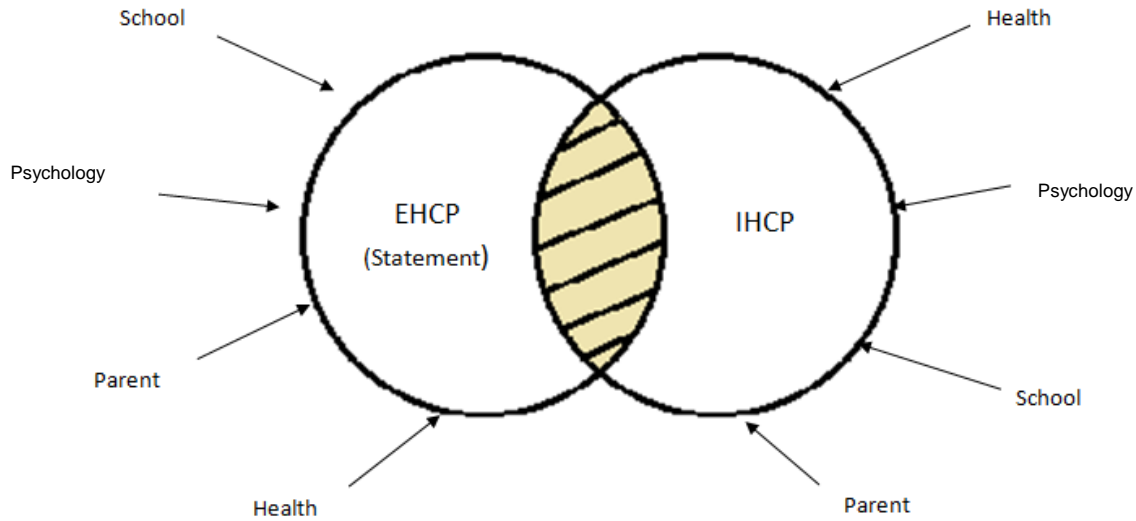

**Individual Health Care Plan (IHCP)** = Specific information on individual pupil requirements. Written recorded plan will ensure that their needs are met whilst in school and any treatment needed to be administered by members of staff will be fully understood. Plan to be agreed by Head teacher and parents. **THIS MUST BE FORMALLY RECORDED AND REVIEWED AT REGULAR INTERVALS.** A template/proforma is available for download on the Schools EIS system under ‘A’ Administration of medicines, see appendices.

Some children with medical conditions may have physical disabilities. Where this is the case governing bodies **MUST** comply with their duties under the Equality Act 2010. Some may have special educational

needs (SEN) and may have a statement or Education Health Care plan which will bring together health and social care needs, as well their special educational provision.

### Educational Health Care Plan

#### EHCP

“This is the new statement of educational needs and may incorporate the need for specialist medicines”.

#### IHCP

“Individual health care plans – is direction for managing emergency or specialist medicines given”.

**ADVICE ON MEDICAL CONDITIONS**

The Community Paediatrician or Nurse on request will give advice regarding medical conditions to the school. Parents or guardians of children suffering from these conditions seeking general information should be advised to seek advice from their G.P., the school health professionals (**give parents the name and contact number**) or from the bodies detailed below. The following bodies can also supply leaflets regarding the conditions listed.
